OUTDOOR YOUTH TREATMENT
RULES CHECKLIST**

Licensing Staff: _____ Date: _____

Program: _____

Director: _____

Address: _____

Maximum Licensed Capacity: _____ Number of Consumers Enrolled: _____

Provider Signature: _____ Fee Charged: _____

* Effective May 4, 1998, (62A-2-106) For programs contracted to a DHS Division listed in 62A-1-105, these rules will be reviewed by contract monitors in coordination with the Office of Licensing.

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
The following is on file: 1. required fee, 2. application, 3. current staff information (org. chart, staff list) 4. background clearance screening form when required.					
R501-8-4. Administration.					
A. In addition to the following, program complies with Core Standards.					
B. Records of enrollment of all consumers are on file at field office at all times.					
C. Information provided to parents, community, and media is accurate and factual.					
D. Program provides an educational component as determined by Ut. St. Board of Ed. for consumers up to 18 years of age who have been removed from their educational opportunities for more than one month. The administrators of the program meet and cooperate with the local Board of Ed					
E. If program advertises educational credits to consumers it is approved by Ut. St. Board of Ed.					
F. Program has written procedures for handling any suspected incident of child abuse or DHS Provider Code of Conduct violation, including: 1. procedure for ensuring that staff involved does not work directly with the youth involved or any other youth in the program until the investigation is complete or formal charge filed and adjudicated, 2. procedure for ensuring that director or member of governing body involved in or suspected of abuse is relieved of their responsibilities and authority over policies and activities of program, or any other youth program, as well as meet the sanctions as described in a. above, until investigation is complete or formal charges filed and adjudicated, and 3. a procedure for disciplining any staff or director involved in an incident of child abuse or Code of Conduct violation, including termination of employment if found guilty of felony child abuse, or loss of position, including directorship if found guilty of misdemeanor child abuse.					
G. If any director or person in a management position is involved in or suspected of child abuse or neglect, the program submits to an extensive review by DHS or law enforcement officials to determine or establish the continued safe operation or possible termination of the program.					

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
H. Failure to implement and comply with F. 1., 2., 3., and G. above will be grounds for immediate suspension or revocation of program license.					
I. Until charges of abuse, neglect or licensing violations are resolved, no license shall be issued to any program with owners, silent owners, or any staff management personnel that were prior owners or staff management personnel in a program against which the above charges were alleged.					
J. If charges result in a criminal conviction or civil or administrative findings that allegations were true, no license shall be issued to any program with owners, silent owners, or staff management personnel from the prior program.					
R501-8-5. Program Requirement.					
A. If program operates in Utah <u>and</u> other states, it meets requirements for licensure as established for each of the states.					
B. There shall be a written plan for expedition groups, developed and approved by the program field director, and by the program executive director, and governing body, which shall not expose consumers to unreasonable risks.					
C. Program inventories all consumer personal items, and returns all inventory items, except contraband, to the consumer after program completion. Consumer signs inventory list at the time of inventory and again when items are returned.					
D. Office of Licensing has reviewed and approved the programs training plan governing consequences for consumer conduct.					
E. Each consumer has clothing and equipment to protect from the environment. Equipment is never removed, denied, or made unavailable to a consumer. If a consumer refuses or is unable to carry all of their equipment, the group ceases hiking, and reasons are established and resolved before hiking continues. Program directors train staff on this standard and monitor compliance. There is never deprivation of any equipment as a consequence. Equipment includes: <ol style="list-style-type: none"> 1. sunscreen, program staff ensure appropriate usage, 2. insect repellent, 3. frame or no-frame backpack when weight carried by consumer exceeds 20% of consumer's body weight, consumers are not required to carry a load of more than 30% of their body weight, 4. personal hygiene items, 5. female hygiene supplies, 6. sleeping bags rated for the current seasonal conditions when the average nighttime temperature is 40 degrees F. or warmer. 7. sleeping bags, shelter and ground pad for winter months when average nighttime temp. is 39°F. or lower, and 8. basic clothing list ensures consumer protection against seasonal change in the environment. 					
F. Program provides consumers with clean clothing at least weekly, provides a means for consumers to bathe or otherwise clean their bodies at a minimum of twice weekly. Female consumers are issued products for hygiene purposes.					
G. Hiking does not exceed physical capability of weakest member of group. Hiking is prohibited at temperatures above 90° F. or below 10°F. If a consumer cannot or will not hike, the group does not continue. Field staff shall carry thermometers, which accurately display current temperature.					
H. The expedition plan including map routes, and anticipated schedules and times shall be carried by the field staff and recorded in the field office.					

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CON T R A C T	COMMENTS
I. Field staff maintain common, signed, daily log or dictate recorded log, transcribed and signed immediately following termination of activity. 1. Log contains; accidents, injuries, medications, behavioral problems, medical concerns, and all unusual occurrences. 2. All log entries are recorded in permanent ink. 3. Logs are available to State staff.					
J. Incoming and outgoing mail to parents, guardians, and attorneys is not restricted and is delivered in as prompt a manner as locations, circumstances dictate.					
K. Incoming and outgoing mail to parents, guardians, or attorney, is not read or censored.					
L. Incoming mail from parents or guardians is not read or censored without written permission from them.					
M. All other mail is restricted only by parental request in writing.					
N. If incoming mail is opened, it is opened in the presence of staff and contraband is confiscated.					
O. All local, state, and federal regulations and professional requirements are met.					
P. Each program staff shall be required to carry with them a reliable time piece, which may include a wrist watch or pocket watch for the purpose of accurately reflecting the time of day, and for documentation purposes, such as recording the time of day in log notes and incident reports.					
Q. The program shall have policy and procedure for suicide ideation that includes a review of any placement of a suicide watch on a consumer by the program's clinical professional.					
R501-8-6. Staff, Interns and Volunteers.					
A. All staff, interns, and volunteers comply with R501-14 and R501-18.					
B. Program has governing body and executive director that has responsibility and authority over policies and activities of program and coordinates office and support services, training, etc. The Executive Director shall have, at a minimum, the following qualifications: 1. be at least 25 years of age, 2. have a BA or BS degree or equal training and experience in a related field, 3. have a minimum of two years of outdoor youth program administrative experience, 4. have a minimum of 30 semester or 45 quarter hours education in recreational therapy or related experience or one year OYP field experience, 5. demonstrates complete knowledge and understanding of relevant licensing rules, and 6. have completed an initial staff training, see R501-8-8.				*	

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
<p>C. Program has director or field director who coordinates field operations, manages field staff, and operates field office. Program or field director shall meet, at a minimum, the following qualifications:</p> <ol style="list-style-type: none"> 1. be at least 25 years of age, 2. have a BA or BS degree or equal training and experience in a related field, 3. have minimum of two years of outdoor program administrative experience, 4. have a minimum of 30 semester or 45 quarter hours' education in recreational therapy or related field, or one year OYP field experience, 5. demonstrates complete knowledge and understanding of relevant licensing rules, 6. have primary responsibility for field activities and visits the field at least two days a week with no more than 5 days between visits, 7. prepares reports of each visit, documents conditions of consumers, documents interactions of consumers and staff, and ensures compliance with rules, 8. is trained and certified annually in CPR and standard first aid, and 9. have completed an initial staff training and field course. See R501-8-8. 				*	
<p>D. Program has field support staff responsible for delivery of supplies to field, mail delivery, communications, first aid support, and communications. Field support staff qualifications:</p> <ol style="list-style-type: none"> 1. be at least 21 years of age, 2. have high school diploma or equivalency, 3. is trained and certified annually in CPR and standard first aid, and 4. has completed initial staff training and field course. See R501-8-8/ 				*	
<p>E. Program has senior field staff working directly with consumers who have the following qualifications::</p> <ol style="list-style-type: none"> 1. be at least 21 years of age, 2. has an associate degree or high school diploma with 30 semester or 45 quarter hours education and training or comparable experience and training in a related field, 3. has six months outdoor youth program field experience or comparable experience which is documented in the individual's personnel file, 4. is trained and certified annually in CPR and standard first aid, 5. has completed an initial staff training and field course. See R501-8-8 				*	
<p>F. Each program shall have a field staff working directly with the consumers who shall meet, at a minimum, the following qualifications:</p> <ol style="list-style-type: none"> 1. be a minimum of 20 years of age, 2. have a high school diploma or equivalency, 3. have forty-eight field days of outdoor youth program experience or comparable experience which shall be documented in the individual's personnel file, 4. exhibits leadership skills, 5. be annually trained and certified in CPR and currently certified in standard first aid, and 6. have completed an initial staff training 				*	

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
G. Program has assistant field staff to meet the required consumer to staff ratio. Assistant field staff: <ol style="list-style-type: none"> 1. is a minimum of 19 years of age, 2. has a high school diploma or equivalency. 3. has twenty-four field days of outdoor youth program experience, 4. exhibits leadership skill, 5. is trained and certified annually in CPR and standard first aid, and 6. has completed an initial staff training. 				*	
H. Program has a multi-disciplinary team, accessible to consumers and includes: <ol style="list-style-type: none"> 1. a licensed physician or consulting licensed physician, 2. a treatment professional who may be: <ol style="list-style-type: none"> a. a licensed psychologist, b. a licensed clinical social worker, c. a licensed professional counselor, d. a licensed marriage and family counselor, or e. a licensed school counselor. 3. All clinical and therapeutic personnel are licensed or working under a D.O.P.L. training program certified by the State of Utah. 				*	
I. Each program may have academic and clinical interns who are learning the program practices while completing educational requirements. <ol style="list-style-type: none"> 1. Are at least 19 years of age, 2. Initial training program shall be completed by all incoming staff, including interns regardless of background experience. 3. Clinical interns pursuing licensure shall be under the supervision of a licensed therapist. 4. Academic interns shall be supervised by program staff. 5. Interns shall not supervise consumers at any time. 6. Interns do not supervise consumers at any time. 				*	
J. If program has volunteers: <ol style="list-style-type: none"> 1. They are under direct, constant supervision of program staff. 2. They are not left in the role of supervising consumers at any time. 3. They are at least 18 years of age and meet program guidelines. 					
R501-8-7. Staff to Consumer Ratio. A. Each youth group is supervised by at least two staff members at all times, one of which must be a senior field staff.				*	
B. Mixed gender groups have at least one female staff and one male staff.				*	
C. Expedition group size, including staff members cannot exceed sixteen people with a minimum of a one to four staff to consumer ratio.				*	
D. Volunteers are counted as a consumer in figuring staff to consumer ratios.				*	
E. Expedition group size does not exceed the number specified by federal, state, or local agencies in whose jurisdiction the program is operated.					
R501-8-8. Staff Training. A. The program shall provide a minimum of eighty (80) hours initial staff training.				*	
B. Initial staff training shall be considered completed until the staff have demonstrated to the field director proficiency in each of the following:				*	

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
<ol style="list-style-type: none"> 1. counseling, teaching and supervisory skills, 2. water, food, and shelter procurement, preparation and conservation, 3. low impact wilderness expedition and environmental conservation skills and procedures, 4. consumer management: including containment, control, safety, conflict resolution, and behavior management, 5. instruction in safety procedures and safe equipment use; fuel, fire, life protection, and related tools, 6. instruction in emergency procedures; medical, evacuation, weather, signaling, fire, runaway and lost consumers, 7. sanitation procedures: water, waste, food, etc. 8. wilderness medicine, including health issues related to acclimation, exposure to the environment, and environment elements, 9. CPR, standard first aid, and first aid kit contents and use, and wilderness medicine, 10. navigation skills, including; map and compass use, contour and celestial navigation, 11. local environmental precautions, including terrain, weather, insects, poisonous plants, response to adverse situations, and emergency evacuation, 12. leadership and judgment, 13. report writing, including development and maintenance of logs and journals, and 14. federal, state, and local regulations including: DHS, Bureau of Land Management, Forest Service, National Parks Service, Utah State Department of Fish and Game.

<p>R501-8-13. Safety. A. First aid kits shall include sufficient supplies for the activity, location, and environment and shall be available during all field activities..</p>					

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
<p>B. Programs shall have a support system which meet the following criteria:</p> <ol style="list-style-type: none"> 1. Reliable daily two-way radio communications with additional charged battery packs, and a reliable backup system of contact in the event the radio system fails. 2. The support vehicles and field office shall be equipped with first aid equipment. 3. The support personnel shall have access to all contacts, i.e., telephone numbers, locations, contact personnel, and procedures for an emergency evacuation or field incident. 4. A.M. and P.M. contacts between field staff and support staff are to be relayed to the field office. Contact shall be available from field staff to field office on a continuous basis 					
<p>R501-8-14. Base Camp or Field Office.</p>					
<p>A. Each program shall maintain a field office.</p>					
<p>B. Communication system to the field office shall be monitored 24-hours a day when consumers are in the field.</p>					
<p>C. Support staff shall respond immediately to any emergency situation.</p>					
<p>D. Support staff on duty shall be within 1 hour of the field.</p>					
<p>E. When staff are not present in the field office a contact telephone number shall be posted on the field office door, and the field director shall designate responsible on-call staff who shall continually monitor communications and will always be within 15 minutes travel time of the field office.</p>					
<p>F. Field office staff shall adhere to the following:</p> <ol style="list-style-type: none"> 1. maintain current staff and consumer files which include demographics, eligibility criteria, and medical forms as a minimum, 2. maintain a current list of names of staff and consumers in each field group, 3. maintain a master map of all activity areas, 4. maintain copies of each expeditionary route with its schedule and itinerary, of which copies shall be sent to the Office of Licensing and local law enforcement, as requested by these agencies, 5. maintain a log of communications, 6. be responsible for training and orientation, management of field personnel., related files, and records, 7. be responsible for maintaining communications, equipment inspection, and overseeing medical incidents, and 8. provide all information as requested for review by state staff. 					
<p>R501-8-15. Environmental Requirements.</p>					
<p>A. Program shall adhere to land use agency requirements relative to sanitation and low impact camping.</p>					
<p>B. Consumers shall be instructed daily in the observance of low impact camping requirements.</p>					
<p>C. Personal hygiene supplies shall be of biodegradable material.</p>					
<p>R501-8-16. Emergencies.</p>					
<p>A. Program shall have a written plan of action for disaster and casualties which includes:</p> <ol style="list-style-type: none"> 1. designation of authority and staff assignments 2. plan for evacuation, 3. transportation and relocation of consumers when necessary, and 4. supervision of consumers after evacuation or relocation. 					
<p>B. Program shall have a written plan that personnel follow in medical emergencies and arrangements for medical care, including notification of consumer's physician, and nearest relative or guardian.</p>					

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
C. The program shall have a written agreement for medical emergency evacuation as needed.					
D. Emergency evacuation equipment shall be on stand-by.					
E. The program shall make prior arrangements with local rescue services in preparation for possible emergency evacuation needs, which shall be reviewed every six months.					
R501-8-17. Infectious Disease Control. The program shall have policies and procedures designed to prevent or eliminate the spread of infectious and communicable disease in the program.					
R501-8-18. Transportation Services.					
A. The program shall have policies and procedures which ensures the safe and humane transport of consumers between their homes and the program					
B. "Escort transportation services" means: The charging of a fee for having a responsible adult accompany the consumer during transportation from the consumers home to the program or back to their home.					
C. Escort transportation services whether provided by the program or by an independent transportation service shall not be a requisite to enrollment in the program, but shall be the choice of the consumer's parent or guardian.					
D. Programs that provide escort transportation services shall provide parents or guardians with the contact information of at least two other escort transportation services to allow them to have an informed decision.					
R501-8-19. Transportation.					
A. There shall be a written policy and procedure for transporting consumers.					
B. There shall be a means of transportation in case of emergency.					
C. Drivers of vehicles shall have a valid driver license and follow safety requirements of the state.					
D. Vehicles shall be equipped with an adequately supplied first aid kit					
E. When transporting consumers for any reason, there shall be two staff present at all times, one of which is of the same sex as consumers, except in emergencies.					
F. Staff shall adhere to local, state, and federal laws concerning operation of motor vehicles.					
G. Staff and consumers shall wear seat belts at all times while the vehicle is moving.					
R501-8-20. Evaluation.					
A. Following wilderness experience, each consumer receives debriefing which includes written summary of consumer's participation and progress achieved.					
B. Parents, consumers and other involved individuals shall be provided the opportunity and encouraged to submit a written evaluation of wilderness experience, which shall be retained by program for two years.					
R501-8-21. Solo Experiences.					
If an Outdoor Youth Program conducts a solo component for consumers as part of the program they shall have and follow written policies and procedures, which shall include the following:					
A. A written description of the solo component to ensure that the consumers are not exposed to unreasonable risks.					
B. Staff shall be familiar with the site chosen to conduct solos.					
C. plans for supervision shall be in place during the solo.					
D. Solo emergency plans.					
R501-8-22. Stationary Camp Sites.					
An outdoor youth program that maintains a designated location for the housing of consumers is considered stationary and shall be subject to additional fire, health and safety standards.					

COMPLIANCE REQUIREMENTS R501-8	Y E S	N O	N / A	CONT RACT	COMMENTS
<p>A. A stationary Outdoor Youth Program camp shall be inspected by a state certified fire inspector before being occupied and on an annual basis thereafter. A copy of the inspection shall be maintained at the Outdoor Youth Program camp. The inspection shall require:</p> <ol style="list-style-type: none"> 1. Fire Extinguishers. One (1) 2-A-10BC type fire extinguisher shall at a minimum be in each of the following locations as required by the fire inspector: <ol style="list-style-type: none"> a. On each floor in any building that house consumers; b. In any room where cooking or heating takes place; c. In a group of tents within a seventy-five (75) foot travel distance; and d. Each fire extinguish shall be inspected annually be a fire extinguisher services agency. 2. Smoke Detectors. A smoke detector shall be in buildings where consumers sleep. 3. Escape Routes. A minimum of two (2) escape routes from buildings where consumers sleep. 4. Flammable Liquids. Flammable liquids shall not be used to start fires, be stored in structures that house consumers, or be stored near ignition sources. If generators are used, they will only be refueled by staff when the generator is not running and cool to the touch. 5. Electrical. Wiring shall be properly attached and fused to prevent overloads. 					
<p>B. A stationary Outdoor Youth Program camp shall be inspected by the Local Health Department before being occupied and on an annual basis thereafter. A copy of the inspection shall be maintained at the site of the camp. The inspection shall require the following:</p> <ol style="list-style-type: none"> 1. Food. Food be stored, prepared and served in a manner that is protected from contamination. 2. Water Supply. The water supply shall be from a source that is accepted by the local health authority according to UAC R392-300 "Rules for Recreation Camp Sanitation," at the time of application and for annual renewal of such licenses 3. Sewage Disposal. Sewage shall be disposed of through a public system, or in absence of a public system, in a manner approved by the local health authority, according to UAC R392-300 "Rules for Recreation Camp Sanitation". 					
<p>R501-8-23. Non-Compliance With Rules. Due to the difficulty of monitoring outdoor programs and the inherent dangers of the wilderness, a single violation of the foregoing life and safety rules may result in immediate revocation of the license and removal of consumers from programs pursuant to General Provisions as found in R501-1.</p>
